

SALARIED GP with view to Partnership: 4-6 sessions

We are a stable, fully staffed, supportive teaching practice in the village of Edzell within the boundaries of northeast Angus. Situated within commuting distance of both Dundee and Aberdeen, locals can take advantage of the proximity of the Angus Glens and several stunning beaches.

Sitting on the doorstep of the Cairngorm National park, the modern purpose-built health centre lends itself perfectly to multi-disciplinary working.

Led by 4 GPs, our aim is to serve our community by providing excellent care for all patients, whilst providing a healthy working environment for our staff. We pride ourselves on the care, support and camaraderie we offer each other.
